How to use Photoshop: 1. Open Photoshop 2. Type in your desired location and size. 3. Select Settings from the top menu bar. 4. Choose Transparency from the drop-down menu. 5. Check the box for "Allow Transparency." 6. Click File. 7. Choose a location to save your image and add a name. 8. Click Save. Here's a sample of an image before the Photoshop editing begins. After it's been photoshopped, the image will look something like this. If you click "Save" again, and then view the image with the Transparency box checked again, the image will look like this. Now you know how to use Photoshop transparency. Why use Photoshop Transparency? Before choosing to use Photoshop, you should really consider the advantages and disadvantages of using it. In most cases, you can probably use a lighter and simpler image manipulation program or a drawing program like ArtRage or Colorize. However, Photoshop can be a powerful image manipulation program if used correctly. Advantages of Photoshop Transparency: - May be the most effective way to add an additional texture. - Can add lifelike 3D object images. - May show elements that are similar to the skin of an object in a semi-transparent way. - Can completely hide an object and all its transitions. - Lets you use layer masks to hide or reveal parts of an image without affecting the rest. - Lets you create new layers that can have multiple effects or color overlays, but no transparency. - You may not realize that this is the most effective way to add extra visual appeal to an image. - Much better for working on large files. - Can edit images at a very high rate of speed for accuracy. - Can use effects like Photoshop filters, layer effects, and correction tools like Fix exposure and Fix color. - Can work on layers with a total of 255 colors. - More control with transparency than other programs. - Can resize the file once you're done editing it. - Can be extremely helpful for editing 3D models that are too complex for simple image editing tools. - Can create 3D graphics that are far more realistic than other programs. Disadvantages of Photoshop Transparency

WORLD ECONOMIC FORUM OFFICIATES OPENLY CALL FOR ISRAELI JUSTICE The Newsboys staff, including the executive director, Gary Jennings, and staff attorney Tim McBride, were in the audience to hear Jack Silberman tell the panel, 'If a gun had been there, half the shooting (in Vienna) would have been averted,' at the 2007 UN Economic and Social Council (ECOSOC) meeting in Vienna, Austria (see story below). Delegates from over 150 nations participate in the annual conference. Audience members at the event, which wrapped up on July 3, included McBride, Jennings, and board member John Fernandez. The Newsboys, a ministry with more than 600,000 small-group members, also participated in the WCF with several songs, including "Joy to the World," "How Great Thou Art," and "When We All Get to Heaven." ENCOURAGED TO SEE KATZMANN PRESENT Last August, the Newsboys passed on traveling to the East Coast to attend the United Nations World Conference on Racism and moved to London instead. The president of the Global Christian Ministry Institute had asked Jennings not to attend the UN, since the Newsboys had not signed a contract to cover the event. While the delegation didn't travel to Austria for the World Conference on Cultural Diversity last summer, the Newsboys did write a special song specifically for the event, titled "Universe." Jennings felt like he was called to participate in the event that year. "I was encouraged by the clear call for justice at the WCF," said Jennings, "and the realization that there are people from the rest of the world that are committed to upholding justice." The Newsboys have been attending the UN for the past 13 years. "We support the notion that the United Nations is a place for peace, not war. And we believe that everyone should have the right to access to the benefits of the world community," Jennings said. The Newsboys were encouraged to see Dr. Hans Kastner of Austria on the panel, with whom they had a cordial relationship. "I know Gary Jennings, and I know what he's been up against in order to be at that event," Kastner said in an interview. "And even before all of this, he's worked very hard to be able to have this... (WCF) relationship (

Bettina Broad and Carole Radziwill Bettina Broad, a charming and gifted actress and author, and Carole Radziwill, a seasoned television host, together launched the most successful and gossip-filled book club in America. The result was that unlike other book clubs, people wanted to be a part of the privileged 400. While "O" was on the air, participants became celebrities themselves. New York City book clubs flocked to their gatherings, drawn by the celebrity factor. It was here that these book clubs became the rage of the early 90s and a platform for the wildly talented celebrities that were part of them. Romi and Richard Richard Gere met Romi Alan when they were both starring in their shows. While Romi's show was going off the air, he was in New York for a private meeting with an executive from one of his films. On the way back to New Jersey, Romi introduced herself to Richard and invited him to be a part of her book club. Richard soon met Romi's husband John Savage, who was one of his clients. Romi and Richard began to enjoy themselves so much that one day they decided they wanted to extend the club to include all of their friends, not just stars. "It quickly became a way to meet the powerful people that they wanted to be around," Romi said. The book club soon moved to New York, and eventually settled on a beach house. "Richard was thrilled that we were all together," Romi remembers. "He loved that it was a place where his client could come and have fun. When he heard we had a chef, he and Richard were like a little boy and his secret weapon, showing off and staging impromptu cooking demonstrations. Romi thought she was cooking while Richard and Barbra Streisand were just having fun." When the book club moved to New York, it was renamed to become "Americian In Paris," which added the glitter of Paris to its name. It was a decision that served Romi and Richard well. When the club moved to Manhattan, Romi put up a "For Rent" sign with a picture of the Paris beach house and their children's pictures. Richard insisted she wait a week before removing the sign and the pictures. He told her, "If we put up the pictures of our
