I use this software to convert all my videos or music onto an .A 70-year-old man was fatally shot during a robbery at his pharmacy in Dover on Tuesday afternoon. Do you see a typo or an error? Let us know The fatal shooting happened at noon at the Dr. Donald P. Ferry Pharmacy, located at 19th Street and Ferry Avenue, according to police. The victim was taken to the hospital where he was later pronounced dead, according to Dover Police. The Delaware Attorney General's office said an employee called 911. The pharmacist shot the suspect to protect himself, he said. The suspect left the scene and was not found, according to authorities. It was not clear if the suspect was in custody. Pharmacy staff called 911 immediately after the shooting and police responded within minutes. Anyone with information is asked to call detectives at 302-834-5400 or submit a tip through Delaware Crime Stoppers' website.Q: Color changing solutions Just a quick question about basic color changing solutions. Suppose you have a normal aquarium with an aquarium pump, can you pump the solution in the aquarium into a container filled with an Iodophor solution and have the iodophor take out colours that you want? If I'm not mistaken an Iodophor solution would contain iodine and some other stuff. If so can you explain how this works and what a normal normal aquarium pump is capable of pumping? A: You need to be sure that the pump is a flow only pump (like a syringe or peristaltic). Iodophor is not a solute of any colors. It just reactivates the iode inside gasses under low pressure, which is released from iodized tanks
