I'm happy that I use Shining Photo Recovery for my lost photos! I use this software for my 2 PCs. It's really works for me! I'm glad that I find this software! Great November 10, 2016 Shining Photo Recovery Review Ridilin Sariq First, I want to share my story. I lost photos because I didn't save them before I clicked the "X" icon. So, I used Shining Photo Recovery for recovering my lost photos. Firstly, I used the standard scan mode to scan my lost photos. As I remember, I used 3 GB internal SSD drive to save my photos. So, I select internal SSD to scan. It took only a few minutes to finish. I tried "preview" mode of this software. Of course, I select internal SSD. I download the photos and so, I can see them through Photo Viewer or Windows Explorer. Then, I used deep scan mode to scan my lost photos. I used it to find my lost photos. It took me 10 minutes to finish. All of my lost photos are successfully recovered. So, I'm really happy because Shining Photo Recovery works for me. Excellent tool January 1,
