When Irish jingoism set in, it became known as 'I-N-G-O-R-I-A-L-'ISM. But there is a U2 in Irish political history. And they didn't know how to pronounce his name either. Joe Duffy reports from Dublin.1. Field of the Invention The present invention relates to a charging technique for a secondary battery pack. 2. Description of Related Art In recent years, as small, light, and inexpensive mobile devices have become more popular, the mobile device market has grown. Charging a secondary battery pack for mobile devices such as mobile phones and a personal digital assistants (PDAs) is an important aspect of the mobile device market. In a mobile device, a secondary battery pack is charged with a power source device (that is, AC power source or external battery) when the mobile device is being used. However, some mobile devices such as mobile phones are frequently taken out and used in various locations and various orientations. In particular, when a user drives a motor vehicle with the mobile phone, it is difficult to achieve a good charging status with a power source device such
